Official Georgia Composite Medical Board License Card

Your new Georgia Composite Medical Board license card is attached below. Please review it immediately for accuracy to ensure your name, address, and expiration date are correct. If there are any errors, notify the Board within 30 days of the print date (above) and a new card will be mailed to you. If you need a card with an updated name or address, a \$25 fee is required for duplicate card. The fee is also required if you have not notified us of an error in the name or address within 30 days of the print date. Duplicates can be ordered online or by mail.

You are required by law to keep your address current with the Board. If you change your address, please notify the Board. The Board also uses your online services user ID to send renewal notices and other important messages; therefore, it is important to keep your user ID updated with a current email address. You can change your address at <http://medicalboard.georgia.gov/online-services>, or scan the code on this page with your smartphone or tablet.

PLEASE NOTE YOUR EXPIRATION DATE. YOU MAY NOT PRACTICE AFTER YOUR LICENSE HAS EXPIRED.

The Board offers a frameable certificate of your Georgia Medical Board license. You can order these wall certificates online by logging in at <http://medicalboard.georgia.gov/online-services>, using the same user ID. Each physician certificate is \$50; each non-physician certificate is \$25. Please allow up to 6 weeks for delivery, as your certificate will be signed personally by the Board Chairman at the monthly Board meetings.

GEORGIA PROFESSIONAL HEALTH PROGRAM NEEDS YOUR HELP! GA PHP is the nonprofit 501c(3) foundation that administers the Georgia Composite Medical Board's wellness program. GA PHP provides initial triage, treatment referral, and long-term monitoring services for health care professionals with addictive disorders, enabling many of these professionals to return to the practice of medicine with reasonable skill and safety. GA PHP receives no state funding, so it charges its participants fees to meet its operating expenses. In many cases, the professionals who participate are already financially strapped, so the program's success also depends on the financial support of donors willing to fund this important activity. To learn how you can make a tax-deductible donation to support GA PHP's partnership with the Board, go to www.gaphp.org, or call 1-855-MY-GAPHP.
